osts against the prosecuting witness.

### Public Ownership Vindicated.

The administration has not only endorsed the democratic policy on est. What is the County Court for the question of railroad regulation and in regard to requiring an inter state commerce corporation to take out a federal licenses but it has gone further and indoosed a populist policy in acquiring a government rankroad. If Mr. Bryan had not drons wisdom: "Nor can it [the tourt] last summer announced himself in coming in with riews, any kind of an the morrification of seeing the repense bill? Somehow, we have him- visubility of exercising the right to only question left open to dispute. were fairly honest; and had not only question left open to dispute thought about them sending in noise. If the government has a right to expense bills to the County Court, own and operate a road in Panama as to "Tom, Dick and Harry" - who ever the Eagle may mean—they are right to own and operate a road in not at all likely to work on the case the United States connecting the The thing stated in a nut shell is, occans, and it can proceed to build that the petition asked the Court to as apting to blow open the safe. The that the petition asked the Court to as people are convened that public dame burned, and before the fire sist the officers in running down stimimals, and the Courtiabled the petition interests can be promoted thereby The Eagle's defense is uncalled tor. The precedent is established and a Then another thing the Eagle might | brecedent is a potent thing in leg like to defead-or if not defend, you. Islation. The right of the people sibly explain, is why, in the VanDike to protect themselves, like the ease, which was taken on change of right of self-defense in the individ venue from 'Squire Covington to unit, is a paramount right and can Muscopee, L. T., March 3.—At 1 Squire Sackman, there tried by the always be resorted to In Kansas bank through a back door and blew plicated by Bone as being one of the refinery or from the refinery to he safe were nitroglycerin, and were men who robbed W. C. Norwing - market . If they can do this for satisfied it was the work of profess store. A warrant was sworn out for oil they can do it for wheat, only him, and he was arrested. He proved corn or cattle. This reserve power About I o'clock at night robbers en an alibi at his preliminary heating and enables the people to defend them an alibi at his preliminary hearing and was discharged. 'Squire Sackman kind, For yours the people of the sent the bill to Mr. Norwine, asking killet, For years the people of the sent the bill to Mr. Norwine, asking various states have trued to regulate railroad rates, but they have found the railroad lobby ist ever ready citizen to pay costs in a State case: with his pocket full of passes and other "persuaders" A few state railroad lines would have done more to regulate railroad rates. than all the laws that have been passed. The United States judges have usually been prompt to sus pend such laws but the United States courts can not suspend the right of a state to regulate rates by building a competing line One of the purposes of the 1sth mian canal is to regulate transcon tinental rates-a thing that could be done more champly and more effectively by a transcontinental line. The canal can only reduce through rates on things that can stand a long sea voyage, while a transcontinental line owned and operated by the government could reduce local rates as well as through through rates on everything There are other reasons besides the reduction of through rates to

> inexensable expense to build it for that purpose alone. A plan for public ownership, like that presented by The Commoner, which contemplates the federal ownership of trunk lines and the state ownership of the net work of the local railroads, gives the people of both state and nation the means of protecting themselves against the extortion and discriminations practiced by the railroads. The
